

OVER 65 YEARS OF
EXPERIENCE AT THE SERVICE
OF OUR CLIENTS

OUR HISTORY

- ▶ Belzuz Abogados SLP was founded in Madrid by Enrique Belzuz Larruy in 1958. In 1998, the firm expanded its services to Portugal, opening offices in Lisbon and later in Porto.
- ▶ We specialize in providing legal services to companies from their incorporation to their ongoing needs, and we offer individual clients tailored legal solutions adapted to their specific requirements. This has allowed us to broaden our practice areas and become a multidisciplinary law firm with a clear international focus.
- ▶ We prioritize closeness with our clients and adapt with complete flexibility to their needs.

OFFICES

Rua Júlio Dinis 204,
Office 314, 4050-318
Porto

AREAS OF PRACTICE

- ▶ We are distinguished by our deep knowledge of the Spanish and Portuguese markets, and we have professionals from both countries who specialize in different areas of law.
- ▶ We strive to ensure that our Spanish clients have a law firm they can fully trust in Portugal, and we guide our Portuguese clients in Spain so they can develop their business with confidence.

EXCELLENCE & INNOVATION

- ▶ We place our experience at the disposal of both international companies operating in or seeking to enter the Iberian market, and individuals looking for high-quality legal advice.
- ▶ We are committed to providing the best legal service tailored to each client's needs, with the excellence and innovation that define us. We strive to stay at the forefront of legal and technological trends to deliver a swift and efficient service.

PRIVACY POLICY DATA PROTECTION POLICY BASIC INFORMATION ON DATA PROTECTION DATA CONTROLLER: BELZUZ ABOGADOS, S.L.P. PURPOSE:

Handling requests of various kinds from the Data Subject. LEGAL BASIS: Consent of the Data Subject. RECIPIENTS: Other companies belonging to the BELZUZ ABOGADOS group. Public administrations and organizations to comply with obligations directly applicable to BELZUZ ABOGADOS. RIGHTS: Access, Rectification, Objection, Deletion, Restriction of Processing, and Portability of Personal Data. DETAILED INFORMATION: See Detailed Information on Data Protection. DETAILED INFORMATION ON DATA PROTECTION This Data Protection Policy regulates the processing of personal data provided by the Data Subject through the Internet portal (hereinafter, the "Portal") made available by BELZUZ ABOGADOS, S.L.P. (hereinafter, "BELZUZ") to Internet users. This Policy is an integral part of the Terms of Use, accessible at all times through the Portal. The Data Subject guarantees that the data provided are true, accurate, complete, and up-to-date, being responsible for any direct or indirect damage or loss that may result from failing to comply with this obligation. If the data provided belong to a third party, the Data Subject guarantees that they have informed the third party of the contents of this document and obtained their authorization to provide their data to BELZUZ for the purposes stated. The Portal may offer functionalities to share content through third-party applications, such as Facebook or Twitter. These applications may collect and process information related to the user's browsing across different websites. Any personal information collected through these applications may be used by other users of the applications, and their interactions are subject to the privacy policies of the companies providing the applications. The Portal may host blogs, forums, and other applications or social media services to facilitate the exchange of knowledge and content. Any personal information provided by the user may be shared with other users of these services, over which BELZUZ has no control. To provide information or services of interest based on the Data Subject's location, BELZUZ may access data related to the geolocation of the Data Subject's device, where the user's settings allow it. For technical security and system diagnostics, in anonymized or aggregated form, BELZUZ may record the IP address (the identification number of the Internet access of the device, which allows devices, systems, and servers to recognize and communicate with each other). This information may also be used for website performance analysis purposes.
